

OPEN POSITIONS AT SKEMA IN SUSTAINABILITY in PARIS/LILLE

SKEMA Business School (<https://www.skema.edu/>) invites applications for two positions at the Assistant/Associate or Full Professor rank, in the sustainability area, to begin August 2022. Positions will be located on our Paris or Lille campus. The successful candidate will develop and/or lead academic research projects with the aim of publishing in the field's highest quality journals.

We encourage applications from exceptional scholars who investigate how the private sector, civil society, and governments can make our world more sustainable. Interdisciplinary research is particularly welcome, notably in issues related to climate change, biodiversity, pollution, economic and political stability, migration, existential risks. Applicants are expected to share frontier research with students in innovative courses. They may be asked to teach online or on campus-based undergraduate and/or graduate level courses. They are also expected to contribute to student mentorship, to projects related to SKEMA SKY25 corporate strategy, and to be actively engaged in other service initiatives, including student selection processes. If appropriate, s/he may take on a coordination role.

The positions are permanent with a full-time contract. Salary and conditions are competitive, in line with international standards. SKEMA Business School offers publication bonuses for peer-reviewed publications, following the French CNRS Journals Ranking list. The language of work and instruction is English. Knowledge of French is not required, and we will not use it as a criterion for selection. SKEMA Business School offers support in learning French.

Qualifications must include:

- A Ph.D. in fields related to Sustainability (e.g. Environmental Economics, Sustainable Design, Sustainable Development, Sustainability Management) or other relevant fields.
- Strong evidence of recent research productivity and teaching excellence in Sustainability, or related fields, including evidence of conference presentations, high quality peer-reviewed research publications, exemplary teaching ratings, and awards.
- Ability to work as part of a team in a collegial environment.
- Strong oral and written communication skills.
- Commitment to service and/or outreach activities.

Applications should include:

- A letter of application stating why you are interested in SKEMA Business School
- Curriculum Vitae.

- Statement of research interests and direction.
- Statement of teaching interests and philosophy (please list courses you have taught or would prefer to teach).
- Evidence of research activity (1-2 writing samples or reference to research available online).
- Evidence of teaching performance (include teaching evaluations if available).
- Three letters of reference.
- Any additional document that the applicant may consider as relevant.

The application should be submitted in English and sent by email to recruitmentfaculty2022@skema.edu, with the title: “application position in SUSTAINABILITY-PARIS/LILLE”.

Any questions should be sent to recruitmentfaculty2022@skema.edu

Applications will be reviewed immediately upon submission. Applications will be reviewed until December 31, 2021 or until the position is filled.

ABOUT SKEMA BUSINESS SCHOOL

With 9,000 students of 120 nationalities and 51,000 graduates in 145 countries, SKEMA Business School is a global school which, through its research, its 50 teaching programmes and its international multi-site structure trains and educates the talents that 21st century business requires. The school currently has 7 campuses worldwide: 3 campuses in France (Lille, Sophia Antipolis, Paris), 1 in China (Suzhou and Nanjing), 1 in the United States (Raleigh), 1 in Brazil (Belo Horizonte) and 1 in South Africa (Stellenbosch - Cape Town). ABOUT RESEARCH

The primary focus of **RISE² (Reflections and Research in International Strategy Sustainability Entrepreneurship and Economics) Research Centre** is to generate outstanding research on how business activities can be sustainable, resilient, and contribute to a better world. Our members have expertise in a variety of topics (e.g., multinational strategy, industrial behaviour, leadership, women in organisations, digital manufacturing, macroeconomics, economic development, human rights) which enable us to address

sustainability and resilience issues from different but interrelated perspectives. In our research centre, qualitative and quantitative research complement each other to provide contextualised results, with both rigour and relevance. We regularly organise seminars, workshops, and we actively encourage international experts to visit us. We publish in top academic journals, including Research Policy, Journal of Business Ethics, Organization, Entrepreneurship Theory and Practice, Journal of Management, Journal of Management Studies, International Journal of Management Reviews, Business Ethics Quarterly, Journal of Applied Econometrics, Journal of Development Economics, Journal of International Economics, Technological Forecasting and Social Change, Environmental and Resource Economics, Journal of Economic Behavior and Organization, Long Range Planning, World Economy, Small Business Economics, Journal of Mathematical Economics.
