

2019 Retreat

13th – 16th August, 2019

The Retreat

The MSR Retreat is a unique opportunity for reflection, learning, and community building, specifically designed for MSR members and guests. The MSR Retreat is co-created and pluralistic. The intention is to explore practices from a variety of sacred, spiritual and psychological traditions based on the interests of participants.

We will draw on the principles and process of Appreciative Inquiry (Cooperrider & Whitney, 2008) and Open Space Technology (Owen, 2008) to construct much of our time together. We invite retreat participants to contribute to the program. In the past this has generally been 30-120 minutes in which a participant shares something of their teaching and/or sacred-tradition practice(s) (i.e. yoga, meditation process, classroom activity, discussion-facilitation, singing etc.).

The daily rhythm will include time for: prayer, worship, meditation, journaling, silence, small and large group sharing, and presentations. Free time is built into the rhythm of our days.
